

PRESS RELEASE

02.07.2013 | ON INCIDENT IN SHEREMETYEVO AIRPORT

On June 30, 2013 at 8:43 p.m. Moscow time, AirBridgeCargo Airlines's Boeing 747 freighter experienced runway overrun at Sheremetyevo Airport (SVO).

The aircraft performed scheduled flight from Frankfurt-am-Main to Moscow carrying 90 tons of cargo on board. As a result of the occurrence no injuries were detected, the aircraft sustained insignificant damage, cargo remained intact.

At present, the investigation is being conducted by the Russian Federal Air Transport Agency and AirBridgeCargo Airlines.
